

## **GRADUATE RECRUITMENT – GEOLOGIST AND RESERVOIR ENGINEER**

We are recruiting for dedicated, results oriented and self-driven fresh graduates or young professionals to fill the following positions:

### **Geologist and Reservoir Engineer**

The selected candidates will be based in the Jadestone Subsurface team in Kuala Lumpur. Jadestone's Subsurface team consists of a team of technically sound experts working in a dynamic and fast-paced environment. A career with the Subsurface department in Jadestone will set you on an exciting path, with extensive learning and development opportunities including exposure working on challenging mid-life and mature fields within Asia Pacific.

#### **Candidate Criteria:**

- Minimum of BSc in Geophysics/ Geology/ Reservoir Engineering/ Petroleum Engineering or other equivalent disciplines
- Possess solid understanding of Geology/Reservoir Engineering
- Minimum CGPA of 3.20 and above
- Fresh graduate preferred – will consider candidates with two to three years' work experience
- Experience in using PETREL or similar/related software would be an advantage

#### **Candidate Profile:**

- Must possess excellent communication and organizational skills and be able to work effectively within a multi-disciplinary technical team
- Flexible and dynamic personality, a good team player, keen to learn and take on further responsibilities
- Be able to work on their own initiative
- Have the ability to independently derive subsurface interpretations and be able to defend those interpretations
- Essential to be able to multitask and work on numerous projects simultaneously
- Self-driven and details-oriented with good analytical skill
- Ability to work in Malaysia without a working visa

#### **About Jadestone Energy**

Jadestone is the 100% owner and operator of the producing Montara project, offshore Australia. In addition, the company's asset portfolio includes a 100% operated interest in the producing Stag oilfield, offshore Australia and exploration and pre-development assets in Vietnam and other parts of Southeast Asia. The company is also in negotiations to confirm an interest in the Ogan Komering PSC, onshore South Sumatra, Indonesia.

The company plans to build its asset portfolio through the acquisition of producing assets where there are significant opportunities for operating efficiencies, costs reduction and increased production through further investment. Jadestone is also identifying appraised, non-producing assets, with proven resources that can be developed and quickly brought to production cost-effectively with strong growth potential.

Jadestone Energy is headquartered in Singapore, has its principal technical team in Kuala Lumpur and country operational offices in Perth, Jakarta, New Plymouth and Ho Chi Minh City. Jadestone Energy is listed on the AIM (AIM: "JSE").

### **Who are we looking for?**

- Individuals who are passionate, enthusiastic and provide critical expertise to drive Jadestone Energy's growth, strategy and value generation. As a company with three core operating areas in the Asia Pacific region, it is important that all our employees are culturally sensitive and respectful of others.
- Jadestone Energy is committed to reducing our environmental footprint whilst bringing the social and economic benefits of our industry to the countries in which we operate. Employees are expected to value this commitment whilst always delivering safe and efficient operations across assets, cultures and geographies.

### **What we offer:**

- An exciting and highly nimble work environment where employees will collaborate with a diverse international team who will encourage them to learn, grow, challenge themselves and show their entrepreneurial spirit.
- At Jadestone Energy, you will join a company with a leadership team that has a proven industry track record of success. Jadestone Energy is a new and exciting company, with a pioneering spirit where individuals can truly make a difference and flourish.
